

Therapro is pleased to partner with Redshelf to offer some of our publications as digital e-books. To understand how to access this e-book, please read below before making your purchase.

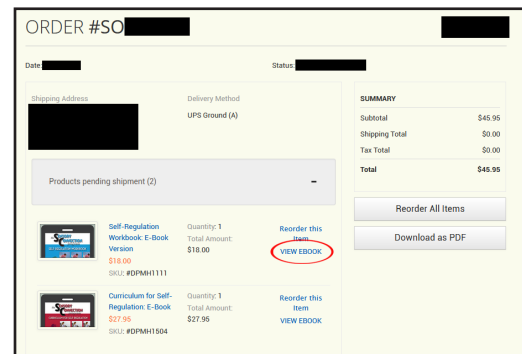

Step 1: You will need to register for a free account at therapro.com. The e-book is accessible through your account page; if you check out as a guest, you will not have an account page and thus will not be able to access your purchase.

Step 2: Log into your account. You can log in before adding an e-book to your cart, or while completing your checkout.

Step 3: Once your purchase is complete, go to your account page (the link is above the search bar at the top of the page).

Step 4: You will see a list of your recent orders. Click the order number for your recent purchase.

Step 5: This screen will detail the specific items in your order. For each item, you will see a link titled VIEW EBOOK. Click this link to view your e-book through the Redshelf E-Reader.

Note: On the order page, there is a button on the right side of the page labelled "Download as PDF". This is not your e-book; it is a PDF receipt of your order.
