● Summer Skill Development

As summer approaches, our thoughts turn from concerns of school to summer activities. Well chosen activities can help your students to maintain skills learned during the school year while adding summer fun.

All games help children acquire social skills. Here are four games that add elements of coordination, problem solving and visual perception: [Colorforms Dress-up Game](#), [Filo](#), [Rush Hour Jr.](#), and [Froggy Feeding Fun](#).

Summer freedom should not mean backsliding of self-regulation skills. Working on sensory motor development and coordination can help. Here are some great activities: [Kozie Sac](#), [Inside/Out Ball](#), [Bungee Jumper](#), [Fidget Kit](#), [Rock 'N Rody](#), and a [Scooter Board](#).

So many academic skills depend on eye-hand coordination and visual-spatial planning. Here are some fun activities that can help maintain them: [Tangoes Jr.](#), [Infinity Loop](#), [Super Sorting Pie](#), and a [Zipper Zoom Ball](#).

Here are a group of toys all children love: [Zoo Sticks](#), [Spyro Gyro Pen](#), [Dot to Dot Books](#), and [Wikki Stix](#). We do not want to take away from their enjoyment, but they are ideal activities to support Fine Motor Development and Writing.

It's Summertime! Have fun!

*Karen Conrad Weihrauch, PhD, OTR/L
President, Therapro*

● May Sale Bin

Specials

Summertime fun: 10% off!

1. [Colorforms Dress-up Game](#)
2. [Filo](#)
3. [Rush Hour Jr.](#)
4. [Froggy Feeding Fun](#)

Featured Products

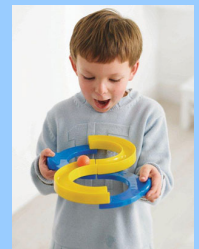

[Rush Hour Jr.](#)

Begin by placing the 16 playful vehicles on the game grid according to the picture on one of the 40 cards. Now help the ice-cream truck get through the traffic by sliding the cars and trucks forward or backward. Ages 6-8.

[Infinite Loop](#)

A fantastic tool for developing motor planning, visual tracking and bilateral coordination. Includes two balls made from different materials, which provide different challenge levels. It's "ageless" fun for everyone.

[Rock 'N Rody the Riding Horse](#)

This durable inflatable develops balance reactions and rhythmical movement while positioning a child to promote sitting alignment. Ages 18 months to 5 years.

[Wikki Stix](#)

No glue, no paste, no mess. Just press them down with light fingertip pressure and they will adhere to almost any smooth surface. There is no preparation, no clean-up, no mess. Endless possibilities!

Please view our [Sale Bin](#) for all of our May specials. These are 1st quality products that are either overstocked or have been discontinued. Please look frequently, as we update this often.

Seminars
