### • Destination Therapro!

We are in final preparations for the [Annual American Occupational Therapy Association \(AOTA\) Convention and Exposition](#) in Baltimore on April 3-5. This will be our 21st year as an exhibitor. Our challenge is to freshen our presentation with new products, authors of publications of interest and, of course, [a new catalog](#).

This year's attractions include a new board game for handwriting and literacy with pirates, buried treasure and sea monsters, [Letter Treasure Hunt](#). Based on a game idea by [Jenny Clark, OTR/L, BCP](#) and in collaboration with Therapro's game designer [Keith Cross](#), Letter Treasure Hunt will delight students as they set sail on a treasure hunt for letters and words from the Alphabet Islands. Jenny is also the author of [Learn to Move, Move to Learn: Sensorimotor Early Childhood Activity Themes](#), [Learn to Move, Moving Up! Sensorimotor Elementary School Activity Themes](#), and [Sing, Move, Learn](#), a music CD.

Authors Bhanu Raghavan, MS, OTR/L and Virginia McDonald, OTR/L, who presented their [Self-Care with Flair Program](#) at the last two AOTA Conferences, are returning and will present *Self-Care with Flair! A Step-by-Step Guide for Teaching Self-Care Skills to Children with Autism and Other Disabilities* (Thursday, April 3, 8:30AM-11:30 AM). Their session attracts a standing-room only crowd, so get there early if you plan to attend. Join them at our booth for more information and discussion.

Presenters Carolyn Murray-Slutsky, MS, OTR/L, C/NDT and Betty Paris, PT, MEd, C/NDT join us to discuss their newest publication, [Autism Interventions: Exploring the Spectrum of Autism - 2nd Edition](#). Also featured will be their now classic [Is It Sensory Or Is It Behavior?](#) along with [Sensory Modulation & Positive Behavioral Strategies Card Set](#), [Developing Visual Motor Integration](#) and their new [Sleep 'N Sync Programs](#). They will be presenting at two AOTA sessions, *Innovations in the Educational Arena: Educational, Behavioral, and*

### Featured Products

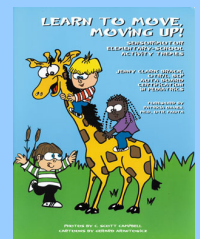

#### [Learn to Move, Move to Learn](#)

A fabulous resource book and DVD jam-packed with useful information and engaging sensory integration activities that can be used to support children of diverse ages and abilities.

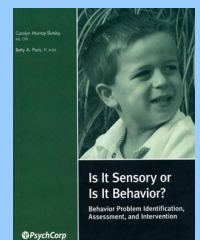

#### [Learn to Move, Moving Up](#)

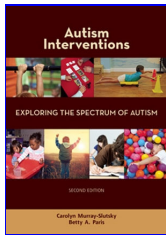

Presents from a sensory integration perspective a collection of activities for early-elementary children of all ability levels. Provides valuable information about "best practices" in school settings. The children will be the fortunate participants in fun and engaging sensorimotor learning experiences!

#### [Is It Sensory or Is It Behavior?](#)

This book provides information and strategies for distinguishing between sensory-based and non-sensory-based behaviors. It will help analyze behavior to determine if sensory issues exist or if it is a behavior-related problem.

*Sensory-Based Methodologies To Help All Children Excel* (Thursday, April 3, 12:30PM-3:30PM) and *Self-Stimulation, Stereotyping and Challenging Behaviors Transformed into Functional Replacement Behaviors* (Friday, April 4, 3:30PM-5:00PM).

If you are planning to be in Baltimore, please make Therapro's Booth (#917) your destination. Say hello to Karen, Lauren and Paul. Visit with our authors and see what else is new.

*Karen Conrad Weihrauch, PhD, OTR/L  
President, Therapro*
