• Therapro Shows for Autism Awareness

Sunday morning was overcast and cold with intermittent rain and a brisk wind coming off Lake Quinsigamond at Lake Park in Worcester, MA where the [Autism Resource Center of Central Massachusetts](#) held its Third Annual 5K Run & Walk for Autism Awareness. The weather did not dampen the spirits of the many families who stopped by the [Therapro Booth](#) to pick up a catalog and enjoy the products on display.

[Michael Parker](#), Therapro's buyer, ran the 5K in the morning (#376); his time of 23:45 was good enough for 3rd place in his age group. Michael worked at the Therapro Booth in the afternoon, interacting with children, parents, grandparents, other family members and friends. It was amazing how our [Sands Alive](#) engaged so many children in active play. The components of our [Fidget Kit](#) had the same appeal. Once again, we were convinced that sensory input helps children focus and learn.

[Letter Treasure Hunt](#) appealed to children involved in learning their ABCs and handwriting. Besides writing the letters and words on their treasure islands, they needed no prodding in performing the Captain's ordered exercises. Here a player is shown first, pretending to [Dig for Loot](#) (the Captain's Order) and then, writing the letter in the [Captain's Log](#). Everyone who played Letter Treasure Hunt took away a complimentary set of wipe off crayons.

Despite the weather, the day was a treasure!

Featured Products

Sands Alive

Consisting of sand and other natural ingredients, the sensation is somewhat similar to cookie dough, yet it is totally dry to the touch. 100% non-toxic and anti-bacterial.

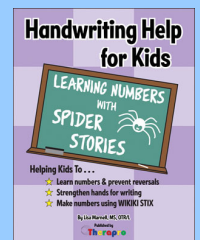

Fidget Kit

At the request of many parents we put together a kit of the most popular fidgets. Pick a new favorite every day.

Spider Stories

A fun way to learn how to write numbers AND prevent reversals. Begin by using the enclosed Wikki Stix to copy the line or number from the hal-sheet onto the laminated sheet showing the spider's favorite room. Once practiced with the Wikki Stix, try writing the lines or numbers with the enclosed erasable marker.

Wipe-Off Crayons

Perfect for marking on most non-porous surfaces such as laminated surfaces, vinyl coated books and white boards. Brilliant colors and non toxic. Specially formulated crayon wipes off with a rub from a paper towel or dry cloth. Good to use with our Handwriting Help for Kids

Please view our [Sale Bin](#) for all of our April specials. These are 1st quality products that are either overstocked or have been discontinued. Please look frequently, as we update this often.

Write On Kits and Making It Legible Program.
