### ● Sensory Stories Updated

We had about 60 therapists, parents and teachers in attendance at [Therapro's October 18th Saturday Morning Seminar](#). The subject was *Using Sensory Stories and Sensory Strategy Cards (45 Strategies to Add to Your Sensory Diet) to Promote Self-Regulation* presented by [Victoria Nackley, OTR/L](#), co-author of **Sensory Stories**.

I like to tell people about when I first heard the idea of [Sensory Stories](#). It was about 10 years ago at an AOTA Annual Conference when Victoria and Debbie Marr told me about their idea. It seemed like a good idea and one of my questions was "have you tried it?" About one year later they came back to me with a manuscript that included data and 30 stories that had been used and refined. **Sensory Stories** has taken on several forms since we first offered them online: [a booklet with CD](#), [Sensory Stories Strategy Cards](#), and a [website](#) and [customizable version](#).

Now you can review [video clips](#) taken from Victoria's presentation of the special features of **Sensory Stories** and the evidence for their effectiveness in improving the sensory experiences of children.
