● 12,000 Attend ASHA 2014 in Orlando

From Thursday, November 20 to Saturday, November 22 Therapro was an exhibitor at the [Annual American Speech-Language-Hearing Association \(ASHA\) Conference](#). What a great show! We had the opportunity to meet many Speech /Language Pathologists from all over the U.S., Canada and Puerto Rico. There were over 12,000 attendees in beautiful Orlando, FL and so many of them stopped at the Therapro booth. Kelly Van Dahm, MS, CCC-SLP, editor of [Pediatric Feeding Disorders](#), (published by Therapro) stopped by our booth and met with many of the attendees. During the show, we launched our new [2015 Speech catalog](#) and it was so well received that we ran out of copies!

Our best sellers at ASHA were [NOVENOPS!](#) and [TRUNKS!](#) games, and Pediatric Feeding Disorders. We also showed for the first time the [newest chewys](#) from Chewy Tubes. Check them out and see what Speech/Language professionals are talking about!

See you next year in Denver!

Diana Mendez-Hohmann, OTA

Details on all Therapro offerings can be found at [www.therapro.com](#) and [our blog](#). You can also follow us on [Facebook](#), [Twitter](#) and [Pinterest](#) or [contact us](#) with any feedback or questions.

4. [NOVENOPS!](#)

Featured Products

Some of the Products we Took to Exhibit at Recent Conferences

[Executive Skills in Children & Adolescents](#)

This bestselling guide has helped put executive skills on the map for school-based clinicians and educators. The book explains how these critical cognitive processes develop and why they play such a key role in children's behavior and school performance.

[The Source for Processing Disorders](#)

This book will change the way you do language therapy! Synthesizes years of research to explain the underlying neurological development of language processing. The book gives tons of practical information.

[The Source for Social Competency](#)

A great workbook that addresses the basic skills children need to learn. Each activity page identifies which category it addresses. Each section provides meaningful practice.

Education Resources presented their [15th Annual Therapies in the School Conference](#) on the same days of the ASHA Conference (Thursday and Friday, November 20 and 21) and we were an exhibitor for the 15th year in a row. This conference is right in our backyard within 2 miles of our warehouse in Framingham, MA. With a distinguished faculty and subjects related to school related therapies, the conference always attracts an international group of dedicated therapists.

Our two most popular products were Therapro's own [Letter Treasure Hunt](#) handwriting game and [Yogarilla](#).

Karen Conrad Weihrauch, PhD, OTR/L
President, Therapro

● **2015 Speech Catalog**

Our [2015 Speech Catalog](#) is now available. You can order a printed copy, or you can download it as a PDF. If you are an OT, consider getting one for your Speech/Language Pathologist!

● **Sale Bin**

Executive Functions Training - Elementary

Children with adaptive and self-regulatory behavioral deficits may have impairments in executive functions. This develops cognitive abilities and behavior control with classroom-related activities for varying ability levels.

Seminars

All seminars are free, and are held Saturdays from 9-11 AM in our Showroom.
