### • Brain Development with Brain Fit Academy

For the first time, we conducted our [Saturday Morning Seminar](#) in two parts. Although it took place over several weeks, we thought it was a successful discussion of an interesting and complicated subject.

On May 15th, Pam Formosa, MA, OTR/L was joined by Christina Schlupf, MA, her colleague and partner in [Brain Fit Academy](#) for the conclusion of their two-part seminar on brain development. The second part was entitled [The Listening Program and Reflex Integration: A powerful combination!](#)

Filomena summarized each seminar separately and has posted reviews of the two parts. ([Part 1](#) and [Part 2](#)) Video excerpts have been posted on [our YouTube channel](#).

### • It's Never Easy

Filling our roster with monthly seminar speakers is always a challenge - dates become inconvenient and change; severe weather conditions are typical; life happens!

Thanks to Filomena's hard work and the cooperation of a distinguished group of presenters, all slots are filled through May of 2016! We even have some commitments already lined up for the 2016-2017 series! Check [News & Events](#) for more information.
