### • Over 14,000 Attend ASHA 2015 in Denver!

Filomena and I just returned from the [American Speech Language- Hearing \(ASHA\) Conference](#) which was held November 12-14 at the Denver Convention Center, situated at the base of the breathtaking Colorado Rockies. It was the largest attended conference that they have ever had and Therapro was honored to be part of it! We had the opportunity to meet and greet therapists from the US and around the globe, including Iceland, Saudi Arabia, and Brazil. We participated in a lot of problem solving and sharing of ideas. Therapists were eager to hear about some of our newly introduced products such as [Zen Rocks Chewies](#), [Tactile Gentle Vibrations Toothbrush](#), [Happy Bowl Silicone Feeding Mat](#), and [Obstacles Game](#).

Our best sellers at ASHA were our [Pediatric Feeding Disorders book](#), [Funbites](#), [ConversaCards](#), [Conversation Starter](#) and our games, [NOVENOPS!](#) and [Fist Full of Coins](#). We couldn't keep [Wind-Up Toys](#) in stock and quickly sold out. Therapists told us we had one of the most colorful exhibits at ASHA, and best of all, said "Therapro has what we need!"

Take a look at that [enormous blue bear peeking in the Convention Center window!](#) We heard he was eager to see what Therapro had brought to Denver this year. To hear more about our 4 days at ASHA, check out [Filomena's blog](#).

*Karen Conrad Weihrauch, PhD, OTR/L*

Details on all Therapro offerings can be found at [www.therapro.com](http://www.therapro.com) and [our blog](#). You can also follow us on [Facebook](#), [Twitter](#) and [Pinterest](#) or [contact us](#) with any feedback or questions.

### • Our 10 Great Holiday Gift Ideas that Teach and Won't Break the Bank!

## Specials

10% off of the following:

1. [Pediatric Feeding Disorders](#)
2. [NOVENOPS!](#)
3. [Zipper Zoom Ball](#)
4. [Monster Bowling](#)

## Featured Products

### Lollacup

Lollacup is an innovative and stylish straw sippy cup that makes a great starter cup for infants and toddlers. Includes a flexible straw that is narrow, which helps control the flow of liquid, and is valve-free, for easy sipping.

### Blow Toy Kit

Colorful, entertaining toys encourage prolonged blowing as well as ocular tracking.

### Interactive Books

Utilizing the power of visual strategies, beginning readers learn to associate pictures with words.

### Connector Straws

Use these short, shaped straws to teach sucking through a straw. As skill increases, segments can be added to increase difficulty.

### Textured Spoons

A single tool that combines oral-motor stimulation along with feeding.

## Seminars

Therapro has lots and lots of great gifts for your child or grandchild, your niece or nephew, your child's teacher and therapists, and for your friends' children! Our catalog can be a satisfying "one-stop" shopping trip for the babies, children, adolescents, and adults on your list. If you can't decide on a particular item, we have gift certificates that will surely bring a smile to a special someone's face! In the meantime, we have some suggestions:

1. [Zipper Zoom Ball](#) - A two-player toy that's great for developing bilateral coordination, teamwork, timing, arm and hand strength, and endurance.
2. [Fidget Kit](#) - Unique items that address attention, focus, and calming.
3. [Power Therapy Putty Fists](#) - 3 oz of Therapy Putty in a clear fist-shaped container that snaps open and closed. Use in many creative ways for hand strengthening.
4. [Wind-Up Quivering Creepers \(2PK\)](#) - Unique set of wind-ups with "bumpy" coats. Great for developing pincer grasp strength and starting a conversation!
5. [Spyro Gyro Pen and Activity Book](#) - A battery operated pen drawing tool that creates three different shapes (squares, circles and triangles) in a seamless transition from small to big and back again.
6. [Wacky Web](#) - A FUN 3-dimensional manipulative maze. Move the smiley face bead along the elastic cord and through the slits on the felt mat from the one side (red) to the other side (blue). Encourages bilateral manipulation skills, pincer grasp, visual focusing and motor planning. A great pre-buttoning activity!
7. [Giant Plastic Nuts & Bolts](#) - A terrific midline activity. Use these oversized geometrically shaped nuts and bolts to promote bilateral coordination, motor planning, eye-hand coordination, and fine motor skills. Also helps increase attention and focus.
8. [TOOBS](#) - Collections of individually hand painted miniature replicas (Pirates, Pets, Farm, and Vehicles) featuring vibrant colors, fine, professional sculpting, and accurate detail that are fun to play with. Great story starters too!
9. [Magnetic Puzzle Games](#) - Develop dexterity, improve eye-hand coordination, visual perception, and fine motor skills while catching a fish, chasing a bug, or using a magnetic tow truck to haul away vehicles! Each game includes a special piece, which magnetically captures the pieces on the board. All wooden puzzles come with 10 pieces plus a magnetic lifter.
10. [Monster Bowling](#) - This wacky bowling set features six furry, funky-textured pins and one beastly ball! Helps develop eye-hand coordination and balance.

Happy shopping!!

---

• **Sale Bin**
