

## TABLE OF CONTENTS

<b>Preface</b> . . . . .	<b>.i</b>
<b>Prologue</b> . . . . .	<b>.v</b>
<b>Chapter 1 Overview</b> . . . . .	<b>1</b>
<b>Chapter 2 Training Staff and Caregivers to Use The Sensory Connection Program.</b> . . . . .	<b>7</b>
Introduction to the Sensory Systems and Deep Abdominal Breathing . . . . .	8
How <i>The Sensory Connection Program</i> Helps Patients with Mental Health Problems . . . . .	26
Safety Education . . . . .	37
<b>Chapter 3 Level 1: Sense-ability Treatment</b> . . . . .	<b>.41</b>
Section 3A: Sense-ability Treatment for Groups. . . . .	41
Sense-ability Group Stage I: The Attending Stage . . . . .	45
Sense-ability Group Stage II: The Moving and Breathing Stage . . . . .	48
Sense-ability Group Stage III: The Conversing Stage . . . . .	52
Sense-ability Group Stage IV: The Sensing Stage . . . . .	53
Sense-ability Group Stage V: The Acting and Interacting Stage . . . . .	62
Sense-ability Group Stage VI: The Learning Stage . . . . .	65
Section 3B: How to Develop and Lead the Sense-ability Group. . . . .	71
Section 3C: Sense-ability Treatment for Individuals. . . . .	76
<b>Chapter 4 Level II: Coping Through the Senses</b> . . . . .	<b>.89</b>
Section 4A: Coping Through the Senses-Group Treatment . . . . .	89
Topic 1: A Lesson on Coping Through the Senses . . . . .	91
Topic 2: Coping Through the Senses Game . . . . .	92
Topic 3: Tuning in to the Mind, Body and Emotions . . . . .	93
Topic 4: Calming and Alerting Game . . . . .	94
Topic 5: Helping Others to Cope. . . . .	95
Topic 6: Developing a Stress Management Plan . . . . .	96
Topic 7: Learning Grounding Techniques . . . . .	97
Topic 8: Developing a Sensory Input Plan . . . . .	98
Topic 9: Learning to Balance Work, Rest and Play . . . . .	99
Topic 10: Healthy Ways to Feel Good . . . . .	100

Section 4B: Coping Through the Senses-Individual Treatment . . . . .	101
Activity 1: Beanbag Tapping . . . . .	103
Activity 2: Words for Body States and Emotions . . . . .	107
Activity 3: Self Care and Sensory Stimulation . . . . .	108
Activity 4: How to Cope and Be Calm . . . . .	109
Activity 5: How to Keep Alert . . . . .	110
Activity 6: How to Develop Grounding Techniques . . . . .	111
Activity 7: How to Identify Aversive Sensory Stimulation . . . . .	113
Activity 8: How to Develop a Stress Management Plan. . . . .	117
Activity 9: How to Balance Work, Rest, and Play . . . . .	119
Activity 10: How to Develop Healthy Sleep Habits . . . . .	120
Activity 11: How to Deep Breath and Meditate . . . . .	122
Activity 12: How to Recognize and Minimize Symptoms of Sensory Defensiveness . . . . .	123

**Chapter 5 Environmental Support . . . . .127**

Intervention 1: Creating a Sensory Box . . . . .	128
Intervention 2: Strategies to Avoid the Use of Restraints . . . . .	129
Intervention 3: Acute Interventions for Self-Injurious Behaviors. . . . .	131
Intervention 4: Developing a Sensory Room . . . . .	132
Intervention 5: Suggestions for Day Room Space. . . . .	133
Intervention 6: Recommendations for Hospital Environments . . . . .	134
Intervention 7: Safe Space . . . . .	135
Intervention 8: Suggestions to Enrich Home Environments. . . . .	136
Intervention 9: Helping Patients with Cognitive Deficits . . . . .	137

**References . . . . .139**

**Appendix A: Resources for Games, Equipment and Music. . . . .145**

**Appendix B: Sensory Related Assessments and Checklists. . . . .151**

**About the Author . . . . .155**

## LIST OF TABLES

Table 1.1	Outline of The Sensory Connection Program . . . . .	3
Table 2.1	Smell Sensations That Calm and Alert . . . . .	11
Table 2.2	Taste Sensations That Calm and Alert. . . . .	12
Table 2.3	Oral Motor Sensations That Calm, Organize, Alert, and Provide Breath Control . . . . .	13
Table 2.4	Visual Sensations That Calm and Alert . . . . .	15
Table 2.5	Hearing Sensations That Calm and Alert . . . . .	17
Table 2.6	Touch Sensations That Calm and Alert . . . . .	20
Table 2.7	Proprioceptive Sensations That Calm and Alert. . . . .	22
Table 2.8	Vestibular Sensations That Calm and Alert . . . . .	24
Table 2.9	Stages of Emotional Regulation, Level of Support Required, and Corresponding Activities from The Sensory Connection Program . . . .	29
Table 2.10	Comparison Between Meditation and Bean Bag Tapping in Treatment . . . .	36
Table 3B.1	Comparison of Activities Between a Chronic Psychiatric Care Unit and an Outpatient Mental Health Program . . . . .	75
